HAMLIN, JONES COUNTY, TEXAS, FRIDAY, JANUARY 7, 1938

NUMBER 10

BILL DUNWODY OUT FOR SHERIFF

The first name handed to the Herald in the 1938 campaign for public office in Jones County is that of Deputy Sheriff Bill Dunwody. As far as introductions are concerned we have already said enough for Bill for he is perhaps the best known officer in Jones County.

Bill Dunwody is of pioneer stock, and older citizens always think of the famous smile of his father who lived and died a valuable citizen of this county.

As Bill says in his announcement which appears below, he has had five years of Deputy Sheriff in this county and on that line no one will doubt his ability.

Bill was over last week on business and handed his announcement in and as usual he left with the kind remark that "I'll be seeing you often," and that means each voter, so as has been his custom during the passing years, he will be in and out of Hamlin frequently, on business and letting the folks know he will "accept" the important office of Sheriff. Here is what he says:

TO THE VOTERS OF JONES COUNTY

After five years experience as deputy Sheriff of Jones County under the present Sheriff, Jim Lee Gordon, I feel that I am now in position to ask the voters of Jones County for the office of Sheriff, realizing full well that it is a position and an office of great responsibility.

It has been my aim and every effort to serve you as Deputy Sheriff in a manner which would reflect credit on the Sheriff's Department. It has been my good fortune and pleasure to be of service to many of you and if elected Sheriff, it will be my sincere desire to give the people of Jones County the service and the protection to which you are entitled.

During the five years I have served with the present Sheriff's Department, I have worked both inside and outside of the office, performing every duty incumbent upon a Sheriff and feel that I have qualified myself for the office.

This is the first time I have ever asked the voters of Jones County for any public office, therefore expect to make every effort to see each of you and solicit your vote and influence. You are entitled to personal solicitation and I expect to see you and talk with you if at all possible.

I invite each and every voter to investigate my record as a citizen as well as a peace officer and be governed by what you find it to be.

BILL DUNWODY.

A one variety cotton meeting will be held at Lueders on Friday, Jan. 7th, at 2:00 p. m. A committee consisting of Pleas Beaty of Stamford; B. C. Butler of Anson; Ike Mitchell, of Avoca; H. B. He was formerly principal of the Anson High School for a number of years. The tailoring business is now operated by the Lawlis Bros., Ovid and Frank Lawlis, with Ovid as direct operator while Frank continues his place on the faculty of the High School.

CHANCE TO TALK TO S. S. B. OFFICIAL

Wichita Falls, Texas, Jan. 4, 1938.

J. Gordon James, manager of the Social Security Board, will be in Hamlin, Jan. 12, to interview employers, public officials, civic leaders and employees on phases of the Social Security Act, according to information to W. E. Benson secretary of the Hamlin Chamber of Commerce.

In a letter to the Chamber of Commerce, the Social Security Board officials said one of the purposes of his visit here would be to explain to interested employers the purposes and functions of the Wichita Falls office, which has been established to assign account numbers and service claims in this district. He will discuss in particular the manner in which employees may be assisted in filing claims for lump-sum payments, and the procedure with reference to applications for account numbers by employees.

Employers, employees, and others having questions with reference to the old-age insurance title of the Social Security Act are requested to see Mr. James at the Chamber of Commerce during that day. However this visit has no connection with old-age assistance, which is administered by the State. The old-age Insurance program, on the other hand, is administered entirely by the Federal Government.

The following counties are served out of the Wichita Falls office:

Hardeman, Foard, Wilbarger, Wichita, Montague, Clay, Archer, Baylor, Knox, Haskell, Throckmorton, Young, Jack; Stephens Shackelford and Jones.

GEO. O. HARRELL FOR RE-ELECTION

TO THE VOTERS OF JONES COUNTY:

Being always mindful of the indebtedness I owe the voters of Jones County, I take another opportunity of expressing sincere gratitude for the favors you have offered me in extending to you although somewhat deferred, the SEASONS GREETINGS.

In making the race for the County Clerk's office three years ago I promised you, that if elected, I could and would make you a good County Clerk. You are the exclusive Judges in this connection.

The Clerk's office is primarily an office where service and courtesy to the public are paramount. This we have striven to give you, and yet there is something that is of more vital interest to the TAXPAYERS than service, and that is MONEY. The question is rightfully asked, are you protecting our interest by collecting for the work you are paid to do, and is your office sustaining. The figures I give you are condensed and I feel sure will not tire or bore you.

A yearly report is required of this office. It is prepared by the incumbent and checked by the County Auditor of your County, as well as by the Commissioners Court. It is sworn to and is filed with the District Clerk of your County, and a copy of which is sent to the State Auditor's Office in Austin. These reports can be inspected and will verify the statements below.

For the year 1935, I turned into the County Treasurer the sum of \$1641.70. This is after the expenses of the office have been taken care of. For the year 1936 I turned into the County Treasurer \$1325.91, and for the year 1937, I have already turned into the Treasurer \$2900.00, and there will be additional fees collected and turned back in the approximate amount of \$975.00.

We have had an exceptionally good year in 1937, showing an increase in filing and recording instruments in the DEED RECORDS of above 70 per cent over 1936, the year 1938 is young but we have assurance that it will be even better than the past year.

My association in the office have been pleasant, the work has been extremely heavy, but we have enjoyed it and have given the best service possible, if you are satisfied with me I am satisfied with the office and will at all times realize your wishes are mine in the matter, but should you return me to the office, I will endeavor to run the office as efficiently as in the past, and will strive to please you and continue to show my appreciation.

Sincerely,

GEO. O. HARRELL.

FOOT BALL CLUB TO GIVE BANQUET

The Hamlin High School Football Club will sponsor a banquet Thursday night, January 13 at 7:30 o'clock in the High School Building. The price will be fifty-cents per plate and the proceeds will be used to buy football sweaters for the players.

The program has not been arranged yet, but Coach Sealy promises a good program and an enjoyable evening to those who attend. Anyone who wishes to come is invited. Tickets will be on sale by the football boys, so buy your ticket and prepare for a good meal and an enjoyable evening.

W. T. Keith of Comanche spent ten days with his daughters, Mrs. Albert Andress and Mrs. D. E. Andress and their families during the Christmas time. He was accompanied by Mr. and Mrs. B. F. Keith who visited with their parents, Mr. and Mrs. I. N. Brown near Plasterco.

Mrs. Homer Massey of Dallas who has been visiting her father, W. L. Walton, returned Tuesday to her home in Dallas. She was accompanied home by her father and her brother, Wallace Walton.

VAUGHAN WELDING SHOP LOOKS NICE

Observers in Hamlin have given a great deal of interest to the progress of the construction of the John Vaughan Welding Shop, which he has been working on in its restoration since his business was burned out several months ago.

This building is now about completed and it presents a modern appearance as compared with other structures in the block before the fire.

This is really a "welding" house, and is a compliment to Mr. Vaughan's business. It is entirely of metal except the glass in the windows, and each piece is electrically welded one to the other.

A new low walk takes the place of the high impractical walk in front of the old building. The front is stuccoed on iron frame and lath, with the sign made also of iron and letters are welded to the front.

On the inside everything is iron also. Every stand, every frame, and each article is iron. John Vaughan says he is going to be sure of ONE thing. His place of business may be blown to smithereens, or shaken down and might in time rust away, but by heck, it is not going to burn down. So gradually as the weeks pass this place will become jam up for its security and rushing business.

Congratulations, John, here's our hope that you will spread out over every inch of your lots and finally have the biggest and best machine shop in this section of Texas. You have built yourself a "business nest" by a slow process that has stimulated admiration.

OIL TEST STARTS HERBST FARM

Information is that location has been made for an oil test on the Dave Herbst farm near the Wise Chapel School.

The Iron Mountain Company has a large block in that community, about six miles east of Hamlin. In this locality there is oil for a certainty, for it was found to some extent in the Teague well not far away. Somewhere out that way will be located the real pool. Besides the Teague test, folks will remember the Proctor well just a little bit later and recently the Iron Mountain-Ramsey Cox well. As the old saying goes, "Thar's Oyl under them'ar farms." Maybe the Dave Herbst place is where they will find it in paying quantities.

Actual drilling should get under way by January 15 or near that date.

We often hear of "oil scouts," maybe there should be a "water scout" sitting around and maybe the oil bit will drop into a fine stream of soft water—not likely.

FRANK POWELL FOR A SECOND TERM

AS TREASURER OF JONES COUNTY

I again want to thank all of you for the confidence you placed in me, by electing me your County Treasurer in the last election. I am doing my best to merit this confidence and I want to ask you to allow me to fill this office a second term.

If you will again elect me as your County Treasurer, I promise to continue to fill this office in the same courteous and efficient way as I have this term. I shall be very grateful to each of you for anything you will say or do in my behalf in the coming election. I want each of you to please consider this as a personal appeal.

Very truly yours,

FRANK POWELL.

H. C. Harber and wife returned Tuesday from an extended visit in South Texas—going to Austin and Robstown.

FISHER COUNTY TO HOLD GAME MEET

At a call meeting of the members of the Fisher County No. 1 Game Management Association at Capita on Monday night, December 6, it was decided to hold the annual meeting of the Association on Jan. 25, 1938 at the Claytonville school house.

At this meeting all members are invited and a basket dinner will be had at the noon hour, with the business session in the afternoon.

Dr. R. G. Davenport, president of the Association, presided over the Capita meeting, and he was requested to write Mr. R. E. Calendar Wild Life Specialist of the Extension Service at College Station and Mr. William J. Tucker, Secretary of the State Game, Fish and Oyster Commission at Austin to be the principal speakers at the annual meeting in January.

Fifteen new members have come into the Association since the Game Management area was first organized, and this brought the total acreage in the area to approximately seventy-five thousand acres, located in the Hobbs, Claytonville, Capita, Lone Star and Bercker communities in the West and South western part of Fisher county. Protective game preserve demonstration markers have been displayed on the outer boundaries of land now in the association. Three deputy game wardens are now in the area to protect the area from out-law hunters.

T. H. Roensch, Fisher County Agricultural Agent, believes that as soon as the campaign is completed for additional members in the Association, the area will support approximately one hundred fifty thousand acres, and encourages any land owner or operator in any part of these communities, who might be interested in submitting his land for the association, should contact his office.

Horace Scales came up from San Angelo Santa Fe hospital where he had been for three weeks as a result of an injury at Knox City by being knocked from a Santa Fe car while switching. A hip was fractured and other hurts. He is carrying a cane now but will soon be himself again.

GAS COMPANY EXTENDS SERVICE

The New Year finds a Lone Star Gas System construction program to strengthen dependability of natural gas service practically completed at a cost of nearly three-quarters of a million dollars, according to company officials and engineers. Included in the program which was started late last summer are two projects benefiting service on the Community Natural Gas System from Chillicothe south and east to Rotan and including Anson, Hamlin, Roby, Stamford, Haskell, Seymour and adjacent communities.

The system formerly known as the Stamford and Western, has been tied in with the Lone Star main transmission line from the Texas Panhandle as stand-by service for use in the event an emergency arises with the regular supply or the demand exceeds present available supply. The two mile 8-inch tie-in line is at Chillicothe.

To avoid any further flood troubles, the company has completed a new river crossing of the Brazos near Rhineland. The new crossing consists of two one-quarter mile 6-inch parallel lines lying on the river bottom and converging on each side of the river into the regular 8-inch transmission line.

Construction activities have also included a new 2550 horsepower, 15-engine compressor plant near Shamrock to boost gas from Wheeler County fields down to Wichita Falls, Fort Worth and Dallas areas, to be completed in January.

A state law succeeded in stopping shameful waste in the Panhandle; but before this was fully accomplished, the pressures had been reduced to such a level that compression is now necessary to transmit the quantity of gas required to the company's consumers. The new plant will serve as an added factor in dependable service for this city.

The company is also building a new 19-mile 18-inch pipe line to the Buffalo gas field in Leon county to tap two new gas domes. The new line will tie into the 100-mile, 20-inch transmission system which was completed in 1936 between Anderson and Leon counties and Dallas and Fort Worth.

 Pays **TAXES** of **\$150,453,714.00** in 10 years

The Santa Fe, during the past ten years, has paid more than 150 million dollars in taxes in support of the national government and state and local governments in the various states in which it operates.

The exact amount in accrued taxes paid out by the Santa Fe from 1927 to 1936, inclusive, was \$150,453,714. Of this sum, \$30,720,799 went to the federal government. Of the balance, \$119,686,876 was paid to the state, county, and city governments of Illinois, Iowa, Missouri, Kansas, Nebraska, Oklahoma, Texas, Louisiana, Colorado, Arizona, New Mexico and California. To other states and countries went \$46,039.

Of the \$119,686,876 paid by the Santa Fe to the state, county and city governments, over \$50,000,000 went to support public schools which provide educational facilities for more than 7 million elementary and high school students in the states served by the Santa Fe.

The payment of so vast a sum in taxes by the Santa Fe is just another phase of the benefits accruing to the nation at large from an institution whose aim is to serve all to the best of its ability.

THE TALLEST LIE

the tallest lie of 1937: "My wife is so lazy she feeds the chickens popcorn, so that when she fries the eggs they turn over by themselves."—John P. Zelemark Jr., Tocomo, Wash.

Try your hand Texans—think up one in keeping with the size of your state, send it to the Burlington (Wis.) Liars' Club. Lots of Texans can beat the 1937 prize winner.

DON'T THE WORLD KNOW IT?

One of the most worn and useless phrases used by international news writers during 1937 was "his American-born bride," when speaking of the wife of the Duke of Windsor. Now right here we might say, "formerly King Edward VIII of England"—no such identification is needed.

MUST HAVE OFFICERS:

In this weeks Herald we have two names submitting their candidacy for re-election and one for the first time.

Look over the political announcements from week to week and pick your man.

Mr. Powell is Jones County Treasurer and is asking for a second term. His announcement appears in this weeks paper.

Mr. Harrell, Jones County Clerk is announcing this week for re-election, and sets forth good and reasonable reasons why he should thus be honored again.

THANKS BRO. GILLIAM

The New Year is going along on its course with Christmas just back around the hill. And after the happy days have come, and old friends have renewed their friendships, by reading and re-reading the exchange of messages of good will, peace on earth, we often again pick up the cards, letters and other remembrances and re-read and see again what this one and that one said as a Christmas thought.

The Herald will not enumerate all the names of our friends who remembered us and ours during the Christmas, but we do desire to tell one person, a kind of "kid-like" man Mr. G. R. Gilliam, down in the pecan valley near Brownwood. Mr. Gilliam is up around, well, let's see . . . Maybe he would not like for us to really tell how old he is but it is enough to say that he is not too old to select some of the nicest paper-shell pecans we ever saw and send Ye Editor a good box full for a Christmas trick. He said he would do that very thing and he is old-fashioned enough to do what he said he would. He did and we thank you greatly, Mr. Gilliam.

Mr. and Mrs. Kelsey Chesshir of Wichita Falls spent last Sunday visiting Mrs. E. M. Thompson and daughters, Misses Ruby and Irene.

Mr. and Mrs. Dave Walker of Stamford spent last Sunday visiting Mrs. E. M. Thompson and daughters, Misses Ruby and Irene.

Cold drizzling rain and a fine gray mist all day. This is the kind of weather we would like to turn the radio on and curl up with a good book in a big chair in front of the fire and toast to a "golden brown." Then a bowl of hot buttered popcorn and a few salted pecans would not mar the scene. We could just read, eat and snooze (not snore.) But that's definitely out because here's poor Percy struggling to get into print. It was a nice thought anyway.

Since all the excitement of Christmas and New Year's has died down people have settled back into the old routines. However, everywhere we find them busy stocking, counting, measuring, taking inventory—sort of backing up to get a running start for this year.

What well known sales woman in the ready-to-wear department of one of our dry goods stores spent New Year's Eve talking about everybody in town, because the next day she was going to make a resolution "not to talk about people during 1938?"

Dame Rumor has it that a prominent druggist with good possibilities for the immediate possession of oil and gas is about to join the ranks of the "filthy rich."

The County Superintendent of public instruction, an old favorite of all ex-students of H. H. S., was seen in town this week and very pleasantly announced that the educational system of Jones County had the "young and ignorant" well under control.

We understand that a popular young fire insurance man is going to be interviewed by the Chamber of Commerce on the garage facilities between Hamlin and Waco.

What prominent young matron, the wife of a local car dealer, is buying flash lights this week?

The fastest thing in town is the heart beat of a certain private stenographer, with the sunny disposition, immediately after receiving certain long distance calls.

Here and there: A certain well known married man employed by Uncle Sam made a resolution to prop his feet up and have his meals brought to him. We wonder how that's going to work? . . . A prominent sales woman in one of our dry goods stores carries a pair of scissors with her to remedy the different lengths in her "skirts"—that's one way to solve it . . . What became of all the New Year's resolutions? . . . People get peeved because we won't print the unprintable. After all the soft pedal must be used to a certain extent, because we don't want to cause a divorce or be branded as a home wrecker.

The thing that sends our Irish up with a bang is to see a clerk "man-handle" the customer. If a person does something to deserve a backslap, well and good, but why should he be exposed to patting, pinching and chin-chucking every time he wants to buy a five cent article? A very good policy is—Hands off!

What prominent barber got up early one morning, thinking it was six o'clock or thereabout, dressed, went out to the lot and milked the cow, and started for the shop before he discovered that it was one-thirty A. M.?

What young man who clerks in a certain dry goods store carries all the packages for a certain ready-to-wear shop? (That old trick, "feminine helplessness," must still work.)

As the clock struck 10:45, one of our shortest Notary Publics walked into his office with hair uncombed and face unshaven—New Year's resolution broken.

Mr. and Mrs. Geo. Peel and daughters, Rose and Betty Lou, of Rockford, Ill. were guests during the holidays of Mr. and Mrs. O. G. Ebert and Mrs. Peels father, E. Beard and other relatives.

SECOND BOY DIED IN BEARD FAMILY

Death again, within a few weeks, has stalked into the home of Mr. and D. M. Beard of this city, and has taken a second son with only a few days of sickness.

Early on Monday, January 3, little Bobby Dave Beard passed away. He was only 6 years, 8 months and 14 days of age. This little boy is the second to die in that family since December 19, when Ellis L. Beard passed away at the age of a little over 16 years.

The same throat trouble, it is reported as that of causing the death of the other child plus a complication of whooping cough, took the second boy.

We understand that extra precautions are being taken to protect others in the home. However it is said four children of the family have had or have the same trouble but their condition is satisfactory.

The Herald has tried to ascertain if there is any cause for alarm, and we are told that the trouble is only infectious, meaning that it may be contracted by using the same drinking cup and through the usual contacts in the family.

Funeral services for Bobby Dave was conducted at the grave side at 3:30 p. m. Monday, by the pastor of the Baptist Church and Rev. L. P. McCrary. The body was in charge of the Barrow Company.

NEWS BUREAU, DENTON

FIGHTING TUBERCULOSIS

DENTON.—Doing its share to decrease the mortality rate of tuberculosis; in the United States Texas is operating a State Tuberculosis Sanitarium, located 16 miles northwest of San Angelo in Tom Green County. Stationed on a \$2,000,000 state-owned campus, the sanatorium has 16 patients' dormitories with a capacity of 865 beds. There are two dozen or more maintenance and supply buildings.

TEXAS GOES GRECIAN

San Jacinto is such a familiar place to most Texans that the origin is almost never considered. The Spanish word "Jocinet" in an Anglicized version is "Hyacinth" which dates back to the ancient Greek myth of Apollo and the youth who was turned into a flower by a stream. The flower-banked San Jacinto river probably reminded the early explorers of this fanciful story.

MUSHROOMS AND TOWNS

The booming of an oil town has become history several times in Texas during the various oil rushes, but the city of Seagraves furnishes a particularly good illustration of the phenomenon. In two months it has jumped from a village of 300 inhabitants to a population of more than 2,000. Over 145 carloads of lumber and building material were unloaded there last month.

Mr. and Mrs. George Bender returned from a nice trip to California last Saturday. They report a fine time in the good weather. Their son Newman Bender and wife are at San Bernardino and are doing nicely.

Mrs. F. A. Peel, of Cross Plains, was here during Christmas holidays to visit her sister, Mrs. O. G. Ebert and husband.

Mr. and Mrs. Arnold Herd and son Jack made a short trip to Mineral Wells to visit his uncle, Dolphus Knight and to meet Mr. Herd's brother and wife, Mr. and Mrs. Frank Herd and his mother, Mrs. L. D. Wright of Tyler.

Still Coughing?

No matter how many medicines you have tried for your cough, chest cold, or bronchial irritation, you can get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with any remedy less potent than Creomulsion, which goes right to the seat of the trouble and aids nature to soothe and heal the inflamed mucous membranes and to loosen and expel the germ-laden phlegm.

Even if other remedies have failed, don't be discouraged, try Creomulsion. Your druggist is authorized to refund your money if you are not thoroughly satisfied with the benefits obtained from the very first bottle. Creomulsion is one word—not two, and it has no hyphen in it. Ask for it plainly, see that the name on the bottle is Creomulsion, and you'll get the genuine product and the relief you want. (Adv.)

MR. AND MRS. W. H. ELLIOTT, OF McCauley

(By John P. Hardesty)

Mr. and Mrs. W. H. Elliott of McCauley, Texas, are shown in the accompanying picture, beside their horse and buggy. This type of transportation is rare in this section, this being the only buggy known to be anywhere within many miles of this community.

Mr. and Mrs. Elliott are often seen driving their faithful nag, "Dixie," to market or to church. The mare is 19 years old. She was raised by Mr. Elliott on his farm one mile east of McCauley. The buggy was purchased second-hand by Mr. Elliott 20 years ago.

Mr. Elliott was born July 4, 1855, at Dover, Tenn., near Fort Donaldson. His father was J. P. Elliott and his grandfather was a Methodist minister. The Elliott family moved to Fisher County in 1906 from Kentucky to which state they had moved when W. H. Elliott was a boy. Mr. Elliott was married twice before moving to this community. His first wife died in Kentucky in 1886, and his second wife died in 1906. To those two unions ten children were born, four of whom are living. They are Mrs. Jewell Mabel Huey, teacher in Abilene Public School; Mrs. O. T. Hennington, of McCauley, a teacher in Neinda public school; Mrs. T. C. Robertson, of Hamlin and Chas. P. Elliott of Calloway County, Kentucky.

Mr. Elliott remembers the noise of the battle of Fort Donaldson, near his childhood home during the Civil War. He says he was never arrested in his life, and was never involved in any way in the toils of the law. He has been a member of the Methodist Church from early manhood.

The present Mrs. Elliott was Mrs. Nannie Swindle, of Tennessee, who was married to Mr. Elliott in 1921.

Mr. and Mrs. Elliott are useful citizens and are greatly loved and honored by a large circle of friends whose highest wishes for them is that they may be spared many more years of happy and useful service.

PAIN

Get rid of it

When functional pains of menstruation are severe, take CARDUI. If it doesn't benefit you, consult a physician. Don't neglect such pains. They depress the tone of the nerves, cause sleeplessness, loss of appetite, wear out your resistance. Get a bottle of Cardui and see whether it will help you, as thousands of women have said it helped them.

Besides easing certain pains, Cardui aids in building up the whole system by helping women to get more strength from their food.

Mr. and Mrs. W. K. Jones left last Saturday for Crowell to make their home. They have lived in McCauley and Hamlin about four years. Mr. Jones is with the Santa Fe.

A Hamlin

Merchant's Resolve

For 1938 (Suggested)

—That I shall face each week of 1938 with a new determination to make THIS week better than the past.

—That to do this it is necessary to offer service, and prices, equal to or better than my competitor in Hamlin and any neighboring town.

—That I shall be courteous, pleasant and sociable toward all who enter my place of business, either for purchases or for whatsoever purpose.

—That I shall ever keep an eye on the outer edge of Hamlin's trade territory to draw new friends and customers to Hamlin.

—That I shall not be afraid to keep advertising again and again the goods I have for sale — kind, quality and price.

—That I shall keep a watch on the markets for the country's eggs, butter and cream, and use my personal efforts to make such farm products bring as much or more in Hamlin than can be had in any other market within 100 miles of Hamlin—quality being equal.

—That I shall encourage quality above quantity — neatness against nastiness — Thrift above extravagance.

—That I shall sell for cash or near cash and not increase prices to make up for those who will not pay.

—That I shall closely and sympathetically study each demand for a contribution, hand-out or gift and so far as circumstances will permit aid and assist only the most meritorious cases and frankly deny all others.

WASHINGTON NEWS LETTER

(FROM CONGRESSMAN
CLYDE L. GARRETT)

CLEARING ATMOSPHERE — The special session of Congress largely is being blamed for doing nothing. But three things were done which would have taken just as long in the regular session and they were done at the special session. The Housing bill, to increase labor was put in form where it can be quickly passed and will go to Conference as soon as the regular session convenes. The same thing is true of the Farm Bill and just as much time would have been needed in the regular session as was consumed in the special session for its enactment. The Wage and Hour bill was sent back to committee and if it ever comes out of there it should be in a form which will be far more acceptable to all parties who are interested in its effect, labor, business and the consumer. As it was just brought forth it was purely political and was opposed by all the groups who should have been the most interested in its success.

MISCELLANEOUS MEASURES—

The regional planning bill and the Government reorganization bill are to be taken up at the regular session and both face strong opposition. Relief appropriations, revision of the food and drug laws, and anti-trust laws, strengthening of the Maritime Commission, Securities and Exchange Commission and the Federal Trade Commission are other subjects due for consideration.

FARMERS TO PROSPER — In 1938 there will be more than a billion dollars headed in the direction of the in the form of subsidies, and in addition, there will be money spent for price-fixing loans, and for WPA funds to build farm-to-market roads to aid the farmer. Then there is the regular expenditure from the Department of Agriculture, and the amount spent yearly by the Surplus commodities Corporation to buy farm products for distribution to unemployed.

WAR REFERENDUM MEASURE — A measure opposed by the President, and one seeking to amend the Constitution. The billion dollars will be stitution so war could be declared only by a national referendum except in case of invasion, will be one of the first measures taken up at the new session. It is likely to bring about a real fight.

ANTI-LYNCHING BILL — The Senate on January 6, will return to consideration of the Anti-lynching bill that was halted at the special session by the Farm bill. A filibuster is expected to continue but Administration forces want the bill passed and will attempt to keep it in the Senate until a vote can be had. Other legislation will be taken up as soon as the measure is settled.

REARMAMENT — The United States may venture into a field of rearmament. Her navy may be made the second largest, and the army completely modernized. Many are in favor of such a program of spending for the Government, as it would not only take effect soon after approval but would put thousands back to work, help industries, and above all would place this country on a safer basis in regard to world conflicts by helping her assume world leadership.

VETERANS' NATURALIZATION — Recently Congress liberalized laws respecting naturalization of alien veterans of the World War. Before the laws were changed recently, aliens had to prove good behavior during the entire period of their residence in the U. S. The Law as amended last August holds that they only need to prove good behavior for five years preceding the application for naturalization. Application should be made by the veterans to the nearest Federal or State court having naturalization jurisdiction. Each applicant must prove lawful entry, lawful residence, honorable discharge, and qualifications under the law, which is explained in the offices of the Federal or State court.

TENANCY ACT AIDS FARMER —

Those farm tenants, laborers, or share-croppers who can show that most of their income comes from farming operations, are eligible to consideration for loans from the Bantthead-Jones Farm Tenancy Act. Up until 1939 the Law authorizes an expenditure of \$35,000,000 for Federal loans to these farmers, and

THE REST OF THE RECORD

BY JAMES V. ALLRED
Governor of Texas

An item in the Sunday, December 26, issue of the Dallas News is of tremendous interest to Texas.

Church men and law enforcement groups have issued a call to arms against vice. Sunday from every pulpit in Dallas, good citizens, irrespective of political views, were urged to pay their poll taxes at once. The paper makes the statement that this movement was launched in answer to a direct challenge earlier in the week when "Pay Your Poll Tax Now" signs appeared in beer and liquor stores.

The News article says, "Such signs were accompanied by a whispering campaign among those favoring return of the open saloon, legalized horse race betting and slot and marble machines."

For some time now I have known that the underworld in general is extremely dissatisfied with the fact that my administration has enforced the law; with the fact that the Public Safety Commission has made a campaign on "big shot" gamblers and racketeers. These elements are talking it up that they want to elect what they call a "liberal" for Governor and perhaps two other offices. The truth of the matter is they don't want to elect a "liberal." They want to elect someone who will not molest them.

There are many "liberals" who do not believe in open saloons and in "big shot" gamblers, but all of us may depend upon it the fight for clean, decent government is on in Texas.

We had better beware of soft talking, back slapping pretenders who are trying to play both sides of the fence. No man has the right to receive the support of the church, people and better citizenship in general, and at the same time the quiet but enthusiastic vote and assistance of the underworld.

All over Texas we had better organize for the fray just as they are organizing in Dallas. Regardless of whom we expect to vote for, I appeal to all good citizens to pay their poll taxes early.

When the issues are clearer, when we know who is running and how they stand on these issues, we will be in better position to cast our ballots; but it is essential that all of us pay our poll taxes, or secure our exemption certificates, so as to be ready to vote and offset the organized underworld.

HEALTH NOTES

By Geo. W. Cox., M. D., State Health Officer

AUSTIN, TEXAS, Jan. 6.—Pneumonia is a seasonal disease, in that the incidence and mortality is much increased during wet, cold weather, according to Dr. Geo. W. Cox, State Health Officer. It is more prevalent and serious in towns where contacts with people are more common. Pneumonia is always dangerous but it is

especially so to persons in a run down condition. This accounts for the number of cases following illness with some other disease.

The germs that cause pneumonia are spread by careless coughers, sneezers, spitters, and the things that they thus infect. The first symptoms are usually a severe chill and fever, a very sick feeling, loss of appetite, rapid breathing, and a heavy sensation in the chest. Sometimes coughing brings up blood from the inflamed lungs. Any of these signs should be the signal for going to bed at once and sending for your doctor.

The familiar rules of the prevention of other respiratory diseases apply to pneumonia. These rules should become personal habits and not be put on or off at times of prevalence or absence of disease. Persons should avoid careless coughers and sneezers, even if you have to be rude. Wash your hands thoroughly before each meal. Keep your hands, pencils, money and other such things away from your mouth and

nose. Get plenty of fresh air day and night. Exercise and eat in moderation and wear clothing suitable for the weather.

Pneumonia ranks second as a cause of death in Texas. In 1932 almost six thousand persons died of this disease. It should be remembered that contagious and infectious diseases cannot be decreased or eliminated without the cooperation of the people and that means that people who are sick with contagious or infectious disease should be isolated and visited as little as possible by relatives and friends.

Mrs. E. M. Wilson and her daughter, Miss Elmo Joy Wilson, returned to their home in Denton Saturday after a holiday visit here with relatives. They were accompanied by Misses Laura Q. Martin, Zelma Wilson and Clyde Wilson who were returning to Denton to resume their studies in North Texas State Teachers College, and Miss Bernice Fairley, a student in Texas State College for Women.
